EDUCATION

Georgia State University, Covington — *Computer Science*

August 2025–Expected Transfer Fall 2027

GPA: 3.75

ACADEMIC EXPERIENCE

Georgia State University Honors College — *Washington D.C. Study Away*

May 2026

Participated in an intensive, university-sponsored study away program in Washington D.C. Conducted on-site research to develop and finalize a comprehensive historical project draft while independently managing complex scheduling and travel logistics within a tight academic timeframe.

PROFESSIONAL EXPERIENCE

TRiO, Covington— *Tutor & Ambassador*

September 2025 - PRESENT

Provided comprehensive academic and administrative support to a caseload of TRiO eligible students. Served as a peer ambassador by fostering community engagement to support program retention. Assisted students with critical administrative navigation, such as class registration and appointment scheduling, while delivering one-on-one tutoring for foundational Computer Science courses to reinforce core technical concepts and ensure overall student success.

HONORS & AWARDS

- Member, Honors College | Georgia State University Perimeter College
- Dean's List | Georgia State University Perimeter College
- Two 'Student of the Semester' awards, in recognition of 'outstanding effort and achievement' in American Government and Critical Thinking

Systems & Tools: Linux (NixOS), Git, Neovim, Command-Line Environments
Interests: Technology Ethics, Consumer Advocacy, Moral Philosophy.

CLUBS & ORGANIZATIONS

Intercollegiate Ethics Bowl Team for Perimeter College, Online— *Member*

September 2025 - November 2025

- Competed in the Intercollegiate Ethics Bowl Regional Virtual Qualifier (November 2025), an intercollegiate competitive debate competition about applied practical ethics cases, against the University of Richmond, Yale, and the University of Pennsylvania. The process of practicing and training over the semester developed leadership skills, research abilities, and teamwork in the face of intense time constraints.
