EDUCATION

Georgia State University Perimeter College, Covington — *Computer Science*

August 2025–Expected Transfer Fall 2027

GPA: 3.9

ACADEMIC EXPERIENCE

Georgia State University Honors College at Perimeter College — *Washington D.C. Study Away*

May 2026

Participated in an intensive, university-sponsored study away program in Washington D.C. Conducted on-site research to develop and finalize a comprehensive historical project draft while independently managing complex scheduling and travel logistics within a tight academic timeframe.

PROFESSIONAL EXPERIENCE

IIT, Covington & Dunwoody — *Student Support Technician*

September 2026 - PRESENT

Provide comprehensive Tier 1/Tier 2 technical support across the Newton and Dunwoody campuses for students, faculty, and staff. Cross-trained in student facing and faculty support. Manage and resolve IT issues using the ServiceNow ticketing system. Daily responsibilities include troubleshooting classroom infrastructure and managing hardware inventory logistics. This role requires adaptability, hands-on hardware administration, rapid problem-solving, and a wide breadth of knowledge.

TRIO, Covington — *Tutor & Student Ambassador*

September 2025 - September 2026

Provided comprehensive academic and administrative support to a caseload of TRiO eligible students. Served as a peer ambassador by fostering community engagement to support program retention. Assisted students with critical administrative navigation, such as class registration and appointment scheduling, while delivering one-on-one tutoring for foundational Computer Science courses to reinforce core technical concepts and ensure overall student success.

SKILLS AND INTERESTS

- **Programming & Scripting:** Python, Bash, Nix, HTML, CSS
- **Systems & Tools:** Linux (NixOS), Git, Vim, Command-Line Environments
- Interests: Public Interest Technology; Technology Ethics, Accessibility, and Repairability; Consumer Advocacy.

COMMUNITY INVOLVEMENT

- Georgia State University | Voter Registration Volunteer
- Georgia State University | STEM Day Volunteer
- Emory University | Volunteer Assistant at International Student Orientation

PROJECTS

- Web Portfolio: anklus-dev.github.io

CLUBS, ORGANIZATIONS, OPPORTUNITIES

Intercollegiate Ethics Bowl Team for Perimeter College, Online — *Member*

September 2025 - November 2025

- Competed in the Intercollegiate Ethics Bowl Regional Virtual Qualifier (November 2025), an intercollegiate competitive debate competition about applied practical ethics cases, against the University of Richmond, Yale, and the University of Pennsylvania. The process of practicing and training over the semester developed leadership skills, research abilities, and teamwork in the face of intense time constraints.

Summer Scholars at Chautauqua Institution, Chautauqua, NY — *Scholar*

July 2026 - August 2026

- Chosen for a highly selective one-week residency program in western New York. Engaged daily in interdisciplinary lectures, dialogues, and fine arts performances, exploring societal and ethical issues. The residency culminated in writing and delivering a formal reflection speech in the historic Hall of Philosophy, synthesizing the week's intellectual discourse. The experience strengthened my analytical communication skills, deepened my academic interest in philosophical frameworks, and greatly increased my appreciation for art as a necessary active force of the human spirit expressing experience and perspective.
